

Facilities Department

Our Facilities Department takes great pride in providing a clean safe environment for our students, staff and families. They are responsible for maintaining the Elementary School, Middle School and High School buildings and their surrounding areas. We also have a playground area and an athletic field complex that they are responsible for.

The school does rent out certain parts of the property on occasion and if you are interested, please contact the school on 508-854-8400 to inquire.

For all Facility questions, please contact:

Steve Donaghy, Director of Facilities at 508-854-8400, extension 2664 or sdonaghy@akfcs.org
