June 25, 2020

Dear Abby Kelley Families:

Today, Governor Baker announced updated guidelines for a return to school in the fall. The plans indicate Districts should be ready for three possible approaches to the start of the 2020/2021 school year; a full return to school, a mix of in person and distance learning, and full distance learning. You can read the [guidelines](#) which have been posted on our District's COVID-19 [webpage](#).

The administration and staff will be reviewing the state guidance and incorporate it into our planning for next school year. Your patience is appreciated as we navigate this complex situation and we will continue to communicate once more information is available. For example, the Department of Elementary & Secondary Education will be providing guidelines in the coming weeks on additional aspects of the start of the school year--such as bus transportation requirements.

I hope you and your families stay well and are able to enjoy the summer break. Again, thank you for your patience as we develop our plans for the upcoming school year. If you have any questions, please feel free to email me at hpaluk@akfcs.org

Best
